## **UPDATE & UPCOMING EVENTS**

### **Orientation Video**

If you were unable to attend our live Orientation on Sunday, you may access it on the website. Please take a moment and watch the video as several things have changed due to COVID. You will also find a link on the website for you to sign verifying that you have watched the video and understand and are in agreement to the new terms. A copy of that form is considered part of the registration process and is required in order for your child to begin school. (Please look for this form to be on our website within the next 24 hours.)

### **Technology & Class Supplies**

All students (both “brick & mortar” AND online) will need to sign a new technology agreement. Each child will be issued a school laptop or iPad to use throughout the year. Only online students will be allowed to take their devices home. However, in the event of illness or quarantine, a brick & mortar student can potentially become a temporary online students. In that case, they will then be allowed to take the device home. For this reason, we are asking that ALL students/families come this Wednesday, August 19, from 4:00 - 7:00 pm to sign the technology agreement. One never knows if/when your child may become an online student which is why we are requiring everyone to come out on Wednesday.

A \$500 hold per device will be placed on your child’s account until returned in good working condition at the end of the school year. Any lost or damaged devices will be charged the full \$500 as a replacement fee.

### **Daily Wellness Form**

For safety reasons and for purposes of contact tracing, we are asking that each family complete and sign a daily wellness form for each child upon entering the building. These forms can be found on our website. You may download it and bring with you in the morning during drop-off, or you can fill it out online.
